

SOLID CARBIDE MILL THREAD PROMO

WHEN BUYING MINIMUM **2** PIECES OF
SOLID CARBIDE MILL THREAD
type MT, MTB or MTZ
YOU WILL GET AN
**ADDITIONAL
DISCOUNT OF 25 %**

When ordering 2 or more pieces (freely combinable), you get an additional discount of 25 % .

The promotion is **only** valid for the MT, MTB or MTZ Solid Carbide Mill Thread.

Advantages of Mill Thread Solid Carbide

- Spiral flutes allow smooth cutting action.
- Cutting Diameter of 2.2 mm and up.
- Threads for through hole and blind hole.
- Longer tool life due to special multi-layer coating.
- The tool can be used for a variety of materials.
- Excellent surface finish.
- Low cutting pressure allows thin wall machining.
- Same tool used for R.H and L.H. threads.

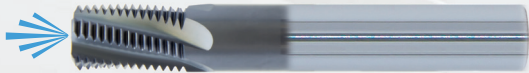

MT Type

P N

For normal Steel and non-Metallic Materials.

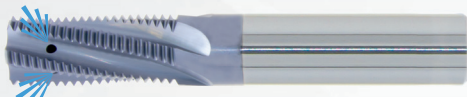

MTB Type

P M K

Used for blind holes due to the internal coolant on the front.

MTZ Type

P M K

For through holes to remove chips due to internal coolant on the flutes.

CPT TOOL WIZARD

CPT offers an online software for Thread Turning and Thread Milling to assist threading tools users to select and apply the correct tools to machine threads on CNC machining centers.

The software is available on our website:
